HORSE SHOW A BIG SUCCESS

Many Entries in Animal
Event at Carthage
Saturday

Decorum Wilkes Won Matinee
Race—Dr. Sipe Wins Road
Pacing Contest

[Special to the Daily Republican.]

Carthage, Ind., Oct. 15.—The Fourth Annual Horse Show held at Carthage, from 9 a. m. to 6 p. m., Saturday, was the biggest event Carthage has ever had. The day was ideal, the sun shone brightly and the air was bracing enough to make every body feel in the best of spirits. The S. & S. O. Home band of 36 pieces, was here early and occupied the bandstand near the public square. During the intervals between the showing of the different classes, the band played, and the horses pranced to the music. Main street was roped for about five squares, and each side was packed with people. Roofs of business houses and second story windows were also occupied by sightseers. Old Glory was flung to the breeze in many places, and the judges' stand and other places were decorated with red, white and blue. It is estimated that there were 5000 people in attendance. Pennsylvania, Ohio and Illinois and most of the larger towns in Indiana were represented here by buyers.

During the day Arthur Braden sold his team of iron gray drafts for \$525 to Wm. Dagler, of Rushville. The team will be shipped to Pittsburg Monday.

W. L. Walker's fine show herd of Shorthorns was shown during the noon hour. The herd is the one that captured so many prizes at several fairs this year, and wore their premium ribbons.

Draft stallions and horses in all classes down to weanlings, also light harness and general purpose in same classes were shown, making a total of 24 classes. Stallions and their get numbered 126, and special prizes were offered by the owners of the stallions, who are all local breeders. The ladies' driving contest was one of the best features and the contestants exhibited much skill in the management of their horses. Little Miss Dorothy Sipe, with her cart and Shetland pony and colt, was the envy of all the children.

The real excitement and enthusiasm of the day centered in the contests in which speed was considered.

The pacing roadsters contest was participated in by several. Dr. J. A. Sipe, with his well known "Old Ben," won first and Waldo Binford second prizes. Dr. Sipe was warmly congratulated.

The trotting stallion race was won by Russ Bond 39251, owned by W. E. Wood, of Greensboro, Ind., Gary Oldham won second.

The pacing stallion race was won by Decorum Wilkes, 2:14 1/2, owned by R. H. Hill, Carthage, Ind., and driven by Ed. Johnson. The second prize was given to Star Pilot, 2:25, owned by Snow & Pritchard, Carthage, Ind., and driven by O. E. Bollinger.

Horsemen say they never saw faster street racing and many bystanders said the show was far ahead of the county fair and equal to the State fair. The business men and promoters are already making liberal offers of support toward the permanency of the Horse Show.

The officers for this year are: M. F. Lovett, president; R. H. Hill, secretary and manager, and O. E. Bollinger, superintendent. The committee of arrangements was composed of the officers and R. E. Henley and Clyde O. Henley. Clyde O. Henley and Robert Whitton were marshals.

Mr. Hill and his aides used megaphones in calling out the horses. The judge was George Hall, of Raleigh. Following are the premium winners: Draft Stallions—Snow & Pritchard 1st; R. H. Hill, 2d.

Draft Mare or Gelding—Owen Sanders, m., 1st; Lon Dalrymple, g., 2d.

MRS. LANE ASKS FOR A DIVORCE

Manilla Woman Charges That
Her Husband Abandoned
Her

Mrs. Mollie Lane, of Manilla, through her attorneys, Innis & Morgan, today filed suit in the circuit court for divorce from her husband, Branson H. Lane, alleging abandonment, cruel treatment and failure to provide. She asks the custody of her nine-year-old daughter, Leah. Mr. and Mrs. Lane were married March 28, 1889 and separated August 28, 1897.

CARNIVAL CO. HAS ARRIVED

Rushville's Fall Festival Will
Soon be in full
Swing

The Indianapolis Amusement company which has been advertised to give a carnival in this city this week arrived here today from Ladoga, where it showed last week in four inches of snow. The company seems to be all that it claims to be and is rapidly getting into shape for the opening. The carnival grounds are located across the mill race on East Second street.

The company has with it about eighty people. Among them are Moorman Brothers, with their "Black Art" show and Jimmie Adams with his lunch stand, all of this city. A number of other local people will have stands on the grounds.

The company claims to have three electric theatres, a plantation show, Marino, with his magic "Black Art," a dog and pony show and other paid attractions, besides a merry-go-round, picture gallery, and ferris wheel. The free attractions include a balloon ascension, a slide for life, the "Flying Crowwells," trapeze performers and an attraction called "leap the gap."

The carnival grounds have been well arranged for lighting and with good weather, the carnival will probably be success.

The following people from this city attended the reunion service at Little Flatrock Christian church in Noble township, Sunday morning: H. S. Carney and family, A. R. Holden and daughters, Misses Tecoo and Edith, Mr. and Mrs. Robert Kennedy, J. H. Frazee, wife and daughter, Miss Florence, O. E. Humes and family, Mrs. Panthea Smiley, Misses Alice and Lenora Norris, O. C. Norris, and family, Mrs. J. J. Amos and daughter, Miss Ruby, Lincoln Guffin and L. M. Clark and family.

George W. Thomas shipped his Shorthorn cattle to New Castle this morning to be entered in a sale next Friday. See advertisement elsewhere.

Miss Bertha Megee has taken a position as assistant at Dr. Carl F. Behr's office.

Rev. C. S. Brown, of Connersville, pastor of the colored M. E. church at Carthage, made a fifteen minute talk this morning to the pupils at the colored school, telling of the many advantages of an education and admonishing them to prepare for the duties of life by getting the best education possible. While in this city, on his way home from Carthage, Rev. Brown visited Allen Daniels and Prof. James Williams.

WOMAN'S CLUBS ARE TO MEET

Federation is Arroused by
Action of Mrs. Mummert
at Fort Wayne

Claim that Old Name Should be
Retained if Consolidation
Was Effected

Muncie, Ind., Oct. 15.—Mrs. Charles Gallier, secretary of the Indiana State Federation of Woman's Clubs, will call a special meeting of the federation in this city within a few days to take action on affairs regarding the effort to consolidate the federation with the Indiana Union of Literary Clubs at Fort Wayne, Friday, which resulted in failure.

Muncie, which is one of the strongholds of the Federation of Clubs, declares that a deliberate attempt was made to betray the interests of the federation on the part of Mrs. Alice Mummert of Goshen, assisted by several other members. The federation in convention in this city this week voted to consolidate only on condition that name of the federation be retained as the name of the new organization. When the fifteen members of the federation committee met with the committee from the Indiana Union at Fort Wayne, the former committee learned for the first time that Mrs. Mummert had written Mrs. Virginia Meredith of Cambridge City, chairman of the Indiana Union, that the federation was not particular about retaining the name. In view of the fact that the federation had positively instructed its delegation to vote for consolidation only on condition that the federation's name be retained, its members say that Mrs. Mummert's action is unexplainable.

At the special meeting of the state federation to be held in Muncie in a few days, Mrs. Mummert will be asked to resign, if she has not already done so. Miss McIlvahn of Vincennes, who with three others joined Mrs. Mummert in violating the instructions of the federation, will also be asked to vacate the office unless she has taken such action before the time of the meeting.

GIVEN DOSE OF SAME MEDICINE

F. T. Roots Was Going to Show
How Automobile Could
be Depended Upon

The Connersville Examiner says: Friday Howard and J. C. Mount, accompanied by F. T. Roots, went to Rushville in the Mount automobile. Mr. Roots' machine had been under going repairs at the Cook machine shop at Rushville, and it was the purpose of getting his machine that he went over there. After they got out on the road Howard's machine commenced to "balk" and continued this interesting performance all the way. It required about four times as long to make the trip as it should have and F. T. had a good deal to say to Howard about "good machines" and how first-class cars behaved in company, etc.

Howard took this joshing good naturedly and when they finally arrived at Rushville he took his machine to the shop and left it for repairs, starting back with Mr. Roots. The latter had so much to say about good cars that Howard didn't anticipate anything but a whirlwind ride home. They visited among Rushville friends all afternoon and didn't think it necessary to make an early start for home because they were coming back in Mr. Roots' always reliable and dependable machine. Finally they started back and Mr. Roots proceeded to show Mr. Mount the satisfaction one enjoys when riding in a car that always "gets there and back."

Things went along very smoothly until they reached a point about two miles west of town, when the Roots car suddenly refused to go any further. All the coaxing and expert regulating that Mr. Roots could bring to bear had no more effect on the obstinate automobile than if he had been talking to a flying machine. Mr. Roots had a pressing social engagement that could not be delayed, and the other members of the party were just as anxious to get in as he was, so a buggy was hired of a farmer nearby and they came in on "low gear." An expert was telephoned for Indianapolis to come and take care of Mr. Roots' machine.

BUYS CONSIDERABLE RUSH COUNTY STOCK

C. H. Bolten of Harmony, Pa.
Buys Horses and
Cattle

William Dagler, the well known stockman, has been busily engaged the past week in buying horses and cattle for C. H. Bolten, a wealthy stockman of Harmony, Pa. Mr. Dagler says that Mr. Bolten has bought several thousand dollars worth of stock in Rush county in the past week or two. Mr. Bolten purchased a fine team of gray draft horses of Arthur Braden, of Carthage, for \$503, a fine horse from John Alexander, for \$335, a fine team of draft horses from Guy Churchill, of Fayetteville for \$400, and twenty-five head of polled Angus cattle from Samuel Newhouse for beef. He also purchased a lot of hogs from various parties in the county.

DINED WITH THE PRESIDENT

Congressman J. E. Watson and
Speaker Cannon Stop
at Washington

A dispatch from Washington says: "Speaker Joseph G. Cannon and Representative James E. Watson spent Sunday in Washington. They arrived early, rather travel worn and went to the New Willard Hotel for breakfast. Neither registered.

"The Speaker and Mr. Watson spent much of the afternoon at the Postoffice department in conference with Postmaster General Cortelyou. "At 6:30 they dined with the President at the White House and discussed the progress of the campaign. Both expressed satisfaction over the outlook in the States in which they had made addresses. Mr. Watson declared the Republicans would re-elect nine members of Congress from Missouri.

"They left this evening for Virginia to speak in Representative Slem's district. From there they will go to Bristol, Tenn., and come north again, going into West Virginia and thence into New York State."

WILL COME HERE TUESDAY AFTERNOON

C. E. Francis & Bro. Accept Offer
of Rushville Citizens—
Factory Secured

Walter M. Pearce, who was sent to Cincinnati Saturday to confer with C. E. Francis & Bro., the manufacturing firm which the Improvement Association has been trying to bring to this city, returned home Saturday night. Mr. Pearce told the firm that the necessary bonus to bring them here has about been secured and that there was no doubt but that the remainder of the money could be secured. Francis Brothers seemed gratified at the result of that Association's work and accepted the terms offered by the association. They will come here Tuesday at 2:30 to sign the contract binding them to locate their factory in Rushville and to post their forfeit to carry out their part of the contract.

They told Mr. Pearce that they had just ordered three carloads of iron castings which they would have delivered to Rushville instead of Cincinnati. Contractors are now figuring on the factory buildings and it is understood that the contract will be let soon. The Improvement Association will close the deal for the factory site as soon as the contract with Francis Brothers is signed. The firm desires to begin breaking ground for the factory buildings just as soon as possible.

Miss Winifred Muir, who is attending school at I. U. has been selected as one of the assistants in the English department. She is proof reader, marks compositions and examination papers.

The following Red Men went to Indianapolis this afternoon as an advance guard of workers for O. C. Norris, who is a candidate for Great Junior Sagamore: T. E. Gregg, Vern Norris, Charles Frazee, R. W. Cox, O. C. Norris, T. J. Evans, Clall Maple, W. M. McBride and W. F. Jackman.

Homier Pea has taken a position at Havens' grocery.

HORRIBLE ACT OF A FIEND

An Entire Family Murdered
by a Missourian Who
Confesses Crime

Bought Farm from Murdered
Man and Then Shot Him
Dead from Ambush

Houston, Missouri, Oct. 15.—Barney Parson, a farmer, his wife and three children were murdered Friday near Licking, Mo. A farmer named Hamilton has been arrested charged with the murder, and is said to have confessed.

Parsons had sold his farm and crops to Hamilton, and it is alleged that the men quarreled over the terms of the sale. Parsons and family set out from their former home in a covered wagon, bound for northern Missouri. The body of Parsons was found shot to death and the mother and three children had been clubbed to death. Jona Hamilton, the alleged murderer, is in the Houston jail, strongly guarded to prevent lynching. He is said to have made a complete confession, of which the following is a summary: "At a timber bordered place in the road as Parsons and his family were driving along they were confronted by Hamilton, armed with a shotgun. Deliberately aiming at Parsons, Hamilton discharged both barrels of the gun and Parsons fell to the ground. Hamilton then advanced upon him and clubbed him over the head with the butt of the gun several times. He then beat the head of the mother almost to a pulp, and after killing her clubbed the three children to death. The bodies of all five were then loaded into a wagon and taken to Big Piney creek, about one mile distant from the scene of the murder, and dumped into the creek. The body of one of the children has not yet been found."

A party of fishermen from Houston discovered the bodies of two of the children Saturday about noon. A further search brought to light the bodies of both parents, and word was sent to Houston. Shortly after the news had been received there Hamilton rode into town on a mule that was recognized as one that belonged to Parsons. He was arrested and locked up in jail. Parsons, who came to Texas county two years ago from the northern part of Missouri, was a quiet, industrious farmer and never had trouble of any sort. Hamilton has also been favorably known over the entire county.

The murdered children were aged eleven, four and one year. The baby's body was found in the creek yesterday. Twenty deputy sheriffs guarded the prisoner in the county jail, but the lynching threats grew more alarming, popular wrath being intensified by confirmation of the report that Hamilton had made a full confession, and the sheriff spirited the prisoner away to a safe place in the Ozark mountains. Hamilton is only twenty years old.

SEED CORN HARVEST DAY

Will be Observed by Indiana
Farmers on Thursday
October 25th

The Indiana Corn Growers' Association at its last annual meeting, named Thursday, October 25, as Seed Corn Harvest Day. The reason for this action is that much loss comes through corn allowed to stand in the field and which is subjected to the hard frozes of November and December. The Corn Growers Association believes that if every ear of corn intended for next year's seed could be harvested by October 25th, and properly stored, millions of bushels would be added to the crop of Indiana. Farmers are urged to go into their best fields and select the best ears from strong vigorous stalks. Hang this corn where each ear will be subjected to a free circulation of pure air and where it will be protected during the winter. Two or three times the amount of seed actually required for planting next spring should be selected in order that a more rigid selection may be made before planting time. This work cannot be urged too strongly and farmers should not fail to act on this warning. The farmers of Indiana should have a definite time for this work, and should arrange to do the work at that time.

Ralph Edgerton will go to Morris-town this evening to play for a dance.

REUNION DAY AT LITTLE FLATROCK

Many Former Members of
the Church Were
Present

One of the most delightful services ever held at the Little Flatrock Christian church occurred yesterday morning. The occasion was one of splendid spirit and deep interest. It was a "Home-Coming" service to which old time members of the congregation were given a cordial invitation to return once more to the altar of the old home church and commune again with their friends and relatives. And right loyally did they respond.

Over one hundred former members of the church attended and were deeply interested in the services. It was truly a reunion of old friends and former neighbors, who had gathered at the place of hallowed memory to live over again the incidents of bygone years and to recall the happy days spent on the farm.

Many eyes were dimmed with tears as the panorama of the past brought before the mind's vision, the mingled picture of joy and sadness. The hour was fraught with tender memories and sweet sentiments which filled each person with an uplift and an inspiration.

In attendance, there were many from distant points. Indianapolis and Muncie furnished several while Rushville sent a large number to enjoy the fellowship of the reunion.

LOCAL TEAM IS DEFEATED

Shelbyville Wins Foot Ball
Game by Score of
5 to 0.

The Shelbyville high school foot ball team defeated the team sent there by the Rushville high school Saturday at the Shelby county fair grounds. The game was the first of the season there and the victory of the Shelbyville team created much enthusiasm among its rooters.

The Rushville team arrived over the Pennsylvania and put up at the Hotel Ray. Captain Stiffler said: "We are in fair condition and expect to win. If we don't it won't be our fault."

The score of 5 to 0 which stood against the visitors at the end of the first half was made by Fleming, who made a touch down after a long run, having seized the ball on a punt made by Allison of the Shelbyville team. Kiser failed to kick goal or the score would have stood 6 to 0.

Rushville kicked off and Shelbyville got the ball after a fumble. The first half was characterized by a number of fumbles. Two hundred persons witnessed the game.

The second half closed without a further score and the locals were disappointed. The spectators went home throwing their hats into the air and sounding the praises of the Shelbyville team.

A. V. Randall and Lawrence Geraghty were appointed a referee and umpire alternately. Jones and McDaniels were time keepers.

"TEN PLAGUES OF NOBLE TOWNSHIP"

Rev. F. B. Thomas Preaches
Strong Sermon at the
Little Flatrock

Rev. Frank B. Thomas, pastor of the Little Flatrock Christian church preached a very forceful sermon Sunday evening to a good-sized congregation. Sunday was "Reunion Day" at Little Flatrock and Rev. Thomas chose an appropriate subject for the morning service.

In the evening his subject was "Ten Plagues of Noble Township." The sermon was of the kind commonly termed "a scorcher" and it made a deep impression upon everyone present.

As the "Ten Plagues of Noble Township," Rev. Thomas named the following: 1. Satisfaction of Worldly Ease; 2. Political Impurity; 3. Sectarianism; 4. Cranks; 5. Waterbury Christianity; 6. Thoughtlessness of Young Men; 7. Thoughtlessness of Young Women; 8. Chronic Kickers; 9. The Shifting of Duties and Responsibilities; 10. The Rejection of Jesus Christ.

"There is too much of this saying 'I don't have to,' the minister said 'you ought to do something. You have the ability to make money, but not to save souls.'"

Concerning political impurity he said, "What are parties for? Why, to present the truth not falsehoods. To meet the greatest questions and the most urgent needs of the nations."

"The young men of this township," said Rev. Thomas, "do not seek the approbation of the best people. They go to Rushville, and string beer bottles on the road all the way home."

"Chronic kickers come from narrow conceptions and lack of gratitude. The worst thing in a party or a church is a chronic kicker."

"Man is more independent than any other animal, yet man is likewise dependent. A personal responsibility should be felt when a public labor in church or State is needed and religion should be considered personal."

"Various voices are speaking to you," the speaker said. "The voice of love of pleasure is calling you. The voice of lust, low, vile, beastly lust is calling and everything base and contemptible within you cries out to reject Jesus Christ. But the voice of conscience also speaks, the voice of reason and the voice of gratitude. Men and women to what voice will you listen?"

PROTECTS THE NATIVE BIRDS

The Indiana Audubon Society
Seeks Co-operation of
the Public

The Indiana Audubon Society, of which Amos W. Butler, secretary of the Board of State Charities is president, has taken a decided stand for the protection of birds in Indiana, and has issued a circular asking the co-operation of the public in prosecuting violators of the law. The circular says: "The Indiana Audubon Society is desirous of having it generally understood that that society stands for the vigorous enforcement of the laws for the protection of our native birds. There have been recent reports in the press of the killing of birds about Indianapolis by men and boys. The laws of Indiana on this subject are recognized as being among the best on the statute books of any State, and if persons knowing of the killing of wild birds will report the occurrence with the names and addresses of witnesses the subject will be taken up. The matter of the protection of our beautiful and useful birds is one in which every citizen of the State should be deeply interested."

"Such information may be reported to Amos W. Butler, president of the Indiana Audubon society, 52 State House; Miss Florence Howe, 2043 Hillside avenue, Indianapolis, secretary, or William Watson Woolen, 601 Commercial Club Building, Indianapolis.

The cases of Alvan Moor, receiver for the Equitable Building Association vs. Joel Kirkwood and Charles Nesbit were set for trial at New Castle today and a number of Rushville people went to that city to appear as witnesses. Among them were Joel F. Kirkwood, Receiver Moor and Attorneys John H. Kiplinger and John A. Tittsworth.

VICE PRESIDENT'S TOUR

Will Cover State in Four Days of
Strenuous Effort.

Indianapolis, Oct. 15.—The itinerary for Vice President Fairbanks's four days' trip which is to close the Re-publican campaign was submitted to him by Chairman Goodrich before he left on his Western tour. It was not ready for publication, however, as all the local managers along the selected route have not been notified. The four night meetings will be at Rich-mond, Oct. 31, South Bend Nov. 1, Terre Haute Nov. 2 and Evansville Nov. 3. In these places the vice pre-sident will make the final appeal of the campaign. Arrangements are be-ing made for immense demonstra-tions. The vice president's special train will leave here early on the morning of Oct. 31. He will probably make his first speech at Shelbyville, going from there to Greensburg by the Big Four; from Greensburg to Rush-ville by the Big Four; from Rushville to Connersville by the Cincinnati, Hamilton & Dayton; from Conners-ville to Newcastle by the Lake Erie & Western; from Newcastle to Muncie by the Lake Erie & Western; from Muncie to Portland by the same road; from Portland to Winchester and Richmond by the Grand Rapids & Indiana. A big rally will be held at Muncie. The second day will be strenuous, as the special will cover nearly 250 miles between Richmond and South Bend. It is understood that the party will take the Pennsylvania out of Richmond for Anderson and the Big Four from there north through Alexandria, Fairmount, Marion, Wa-bash, North Manchester, Warsaw, Goshep and Elkhart and across from there to South Bend. The third day will include a long stop at Hammond, where arrangements are being made for a rally. The vice president will probably make short speeches at Mon-ticello, Lafayette, Logansport and Rockville before reaching Terre Haute. Leaving there the next morn-ing, the special will follow the trail of Bryan through the Second and First districts, winding up the trip at Evansville. The Hon. John L. Griff-iths, consul general to Liverpool, will accompany the vice president on the entire trip and will make as many speeches as he does. It was originally intended that Senators Hemenway and Beveridge and Governor Hanly should also accompany him, but the plan has been changed. Senator Be-veridge will close the campaign for the Twelfth district Republicans at Fort Wayne the night of Nov. 1 and will make the last speech of the campaign here the night of the 3rd. It has not been announced where Senator Hem-enway and Governor Hanly will close the campaign, but it is the plan of Chairman Goodrich and Chairman Hayes now to have as many big meet-ings as possible during the last three days.

The Republicans have a hard fight on their hands in the First district, but the odds are in favor of Congress-man Foster. Senator Hemenway, who was in congress two years ago, car-ried the district then by 3,759, but at the special election a few months later Mr. Foster defeated Major Men-zies of Mt. Vernon by a majority of only 1,037. Figuring on the basis of the special election, the Republicans do not have such a wide margin over the Democrats that it cannot be over-come. Major Menzies is very popular and is making a whirlwind fight. His election would not be surprising, al-though the advantage is with Mr. Foster.

A Republican leader who says he has written to every Republican pre-cinct committeeman in the Second district, predicted today that Con-gressman John C. Chaney will be re-elected by a majority of nearly 2,000. Every precinct committeeman was asked for unprejudiced statements re-garding his precinct, and all but two replied that there is a strong senti-ment favorable to Mr. Chaney and that his prospects are much better than two years ago at this time.

RURAL LIFE AND INTERESTS

Effort of State Superintendent
Cotton in Behalf of Agricul-tural Instruction Commended.

The Indianapolis News (Ind.) in commending the work of State Super-intendent Fasset A. Cotton says:

"Recently we discussed the address of James J. Hill, in which he pleaded for a higher place for agriculture, both as a matter of instruction and practice and as a matter of moral estimate. He thought we had worshiped manu-facture too long, and that it was high time we should be warned of our care-less method of farming and improve it not merely for practical reasons, but as rehabilitating it in our thought, we might offset the drift cityward and restore the balance, both in popula-tion and power that we must sadly need if we go on increasing in popula-tion at our present rate. In a re-cent number of Unity is a paper by our state superintendent of public in-struction, Mr. Cotton, which moves on parallel lines with Mr. Hill's ad-dress, and with the point which we had endeavored to make, namely, that the appreciation of agriculture could be of greater benefit nowhere than in Indiana, with our small area, our central position and the quick and easy accessibility of all parts of our territory."

"Mr. Cotton's paper really discussed the meaning of the rural school, in which he got at the heart of the prob-lem that we have been stating. The drift of his plea may be seen in this extract:

"In the rural school the dominant interest of the rural community must be the key to the school problem. Agriculture, in one form or another, is the dominant interest and occupa-tion of rural life. It is the common topic of conversation. It is the thing in life that the children hear and know most about, and hence, it is the logi-cal basis of interpretation for them. From it illustration must be drawn in all subjects in the school. In language work it can furnish the experience to be clothed in words. In arithmetic it can always furnish actual data for practical problems. In geography it is rich in earth facts. As a mere means in school work a knowledge of the agricultural interests of the com-munity is indispensable. But it can be put to larger use than this. If the teacher, in using agriculture as a means in his teaching, knows enough about the industry to put his work upon a scientific basis, so much the better. While the end of all school work is to make men and women, if in making men and women it makes better farmers, so much the better. But it should be remembered that the end is not to make farmers or to teach agriculture as such, but it is to make men and women through the use of this great industry which is nearest and most practical; and the utility side of education must never be for-gotten. It is well enough to talk about high ideals, but there is a bread-and-butter side of life, and high ideals are much more easily maintained upon full than upon empty stomachs. If the teacher can show what industry, application and brains can accomplish in agriculture, it is an easy step to a general application of these qualities. And if in such work there shall de-velop an interest in farming that shall serve to keep the boys and girls on the farm, so much the better for the community. Let no one argue that it is not the province of the school to teach agriculture. As such, no. But the teacher who does not understand agriculture sufficiently to use it in his school work and even to teach some phases of it scientifically isn't fitted to teach a district school."

"While Mr. Cotton had much to say in detail as to the problem the im-portant part of it is given above, that is, that the rural school should be not merely in the country, but of it. He grouped his ideal under three great forward movements. One was the improvement of the educational plant. He held that the boys and girls of the farm had a right to the best, but that as things were they were the last to get it, and sometimes did not get it at all. The improvement in the plant should put the cross-roads school on a level with the city school having apparatus for the best work and with surroundings that should be in harmony. Then the course of study should be enriched. Country school studies should relate more to the life of the child, awakening in him at an early age an appreciation of the very things that Mr. Hill pleaded should become our national concern to inculcate. Finally, Mr. Cotton be-lieves that we should have consolida-tion of the country schools. The township is the unit of our school sys-tem and he would have as an ideal condition a complete central school in each township from kindergarten to high school of four years' course. The school center easily becomes the center of all township interests. The school chapel should be the meet-ing place for all that pertains to the public welfare. Something nearly like an ideal condition in this way Mr. Cotton has found in his work and here lies the key to it: Township consolida-tion, so that the country children can have what is their due. It seems to us that this is a gospel that we of Indiana ought to preach without ceas-ing. The tremendous uplift that ten years of effort in this direction would cause is simply beyond calculation."

MACOON'S POLICY

Cuba's New Governor's First Day at Difficult Task.

OUTLINES HIS WORK

Economy and Careful Supervision of Public Interests to Be the Rule.

Rebel Leaders Return to Capital and Receive a Noisy Wel-come Home.

Havana, Oct. 15.—Charles E. Ma-goon's first day as governor of Cuba passed busily but quietly. The palace was singularly still compared with the eventful days of the past regime. Governor Magoon said to the Associat-ed Press that he was looking forward with confidence to a peaceful admin-istration. He expressed the warmest appreciation of the work accomplish-ed by Messrs. Taft and Bacon, both in the pacification of the island and laying the foundation for a smooth and successful system of provisional government. The governor sees no reason to anticipate further sudden changes in the situation or any espe-cially sensational incident; he is rather of the opinion that now govern-mental matters will be of the common-place order compared to the exciting and rapid succession of developments of the past two months.

Governor Magoon has announced his decision to postpone the appoint-ment of cabinet officers indefinitely. His intention is to consider thorough-ly the conditions and needs of each department and this can be better ac-complished at the outset by having the subordinate heads report direct to himself. By this method the governor believes he will be better enabled to select the ministers best fitted for the respective posts.

Asked whether he was likely to per-mit partisan political expediency to influence cabinet or other appoint-ments, the governor replied that such considerations might rule to some ex-tent, since it certainly would be im-politic to appoint to high office men to whom a considerable portion of the people was opposed. Efficiency and suitability, however, would be the main considerations. There will be kept a strict accounting of the ex-penses incurred by the American army of occupation, as are chargeable to Cuba. These will include only such expenses as would not have been in-curred but for the coming of the troops to the island.

The last demonstration of welcome to returning ex-rebels took place here upon the arrival of General Julian Betancourt, who was formerly Gen-eral Guerra's chief of staff. Betan-court has been detained in Pinar del Rio collecting insurgent arms and regulating other matters. He is popu-lar in the capital. A crowd of 2,000 persons met him at the Villa Nueva station and greeted him with roars of delight. Padre Miret, a revolutionary priest who accompanied the general, was also enthusiastically welcomed. The crowd was composed almost en-tirely of negroes.

The City of Washington with the headquarters and first battalion of the Eleventh Infantry on board, and the Admiral Schley with Company I, the signal corps and the Seventeenth and Eighteenth batteries of mountain artillery, have arrived here. The troops have gone to Camp Columbia. The headquarters and third battalion have been transferred from Camp Columbia to Cardenas.

General J. Franklin Bell intends to distribute a battalion of engineers throughout the island for the purpose of verifying, correcting and complet-ing the large army map of Cuba be-gun during the former intervention.

Opposes Reduction of Troops.
Washington, Oct. 15.—An argument against the reduction in the number of troops in the Philippines is made by Major General Leonard Wood, commanding that division, in his annual report. The total garrison on June 30 last numbered 29,043 men. "We are far from home," says Gen-eral Wood, "and in case of foreign dis-turbance, even with all our troops con-centrated at Manila, the force avail-able would be barely sufficient to de-fend it from serious attack. Moreover a strongarrison should be maintain-ed here until conditions pertaining to the civil government are well estab-lished and the enmities and disap-pointments incident to the building up of a local government under new and perhaps strained conditions have passed away."

Political Pope Wanted.
Rome, Oct. 15.—In spite of the fact that the pope is enjoying perfect health, the matter of the possible re-sult of the next conclave, whenever it does occur, is being discussed even among the cardinals themselves, and this with no desire to anticipate the end or to be disrespectful to the pon-tiff. The feeling among the cardinals has changed greatly since August, 1903, and today there exists a ten-dency quite opposite to that which tri-umphed three years ago. In view of the vatican's experiences with France, the cry this time will be not for a merely religious pope but a political pope; not for a saint, but for a states-man.

SUNDAY RIOT

Frenchmen Get Excited at Races and Do Things.

Paris, Oct. 15.—There were violent public demonstrations at the Long-champs racecourse yesterday on ac-count of an unsatisfactory start for the free handicap. The trouble cul-minated in riots, pillage and incen-diarism. Many persons were arrested. The program comprised six races and the first two passed off without inci-dent. There were nine starters in the free handicap, the next event, and four, including the favorite, were left at the post. Amid a terrific uproar a complete outsider won. The public immediately became enraged, broke down the barriers and invaded the track. Crowds demanded the return of their bets. They surrounded the bookmakers' booths, chased out the cashiers and seized the money. At-tempts to restore order were in vain, the small force of police present being inadequate. The crowd's anger in-creased and men began breaking chairs and throwing them on the track. Then a rougher element raid-ed some automobiles stationed near the grandstand, seized some supplies of petroleum, with which they sprinkled the booths and other woodwork and set them afire.

The squad of firemen on duty were helpless, as the water hose had been cut. The authorities telephoned for assistance to Mont Valerian, and a strong body of troops was at once sent up on the double quick. The soldiers succeeded eventually in clear-ing the enclosure by charging, but in the meantime the betting structures had burned to the ground. A large wooden building belonging to the bookmakers was also set on fire.

The last three races were postponed. Sixty arrests were made and a large number of policemen and riot-ers were injured. A large force of troops will remain on duty throughout the night at the Longchamps and Au-teuil courses.

Balloon Contest.
Berlin, Oct. 15.—In a breeze blowing fifteen miles an hour seventeen bal-loons started yesterday in the inter-national race for the cup offered by Emperor William. They were sent up from an enclosure at Tegel, six miles northwest of Berlin, where ad-mirable arrangements had been made to inflate ten of the balloons simulta-neously in an hour and a half. The adjacent fields were crowded with thousands of automobiles and car-riages and fully 100,000 persons assem-bled to see the race. The starters were officers of the army balloon corps. The balloons were cast off by non-commissioned officers. Among the prominent aeronauts present were the delegates of the International Aero-nautic Society, for whom the race really was given. The day was beau-tiful and sunny, but toward evening it commenced to grow quite cold. The balloons were carried off by a south-westerly wind and probably will land in Silesia or beyond. The victory will go to the cleverest handler of ballast.

Redmond Favors Conciliation.
Coal Island, Ireland, Oct. 15.—John Redmond, in a speech here said he be-lieved an overwhelming majority of the opponents of home rule for Ire-land in Ulster were honest and, ac-cording to their own sense of the word, patriotic. To these he would preach the doctrine of conciliation and he would not object to any safe-guards in the home rule bill to allay their fears; but the home rulers, he declared, would never surrender their principles or their weapons.

A DANGEROUS MISTAKE.
Rushville Mothers Should not Neglect Kidney Weakness in Children.
Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.
'Tis a mistake to neglect these troubles. To blame the child for its own distress Seek to cure the kidneys—Save the child from deadly kidney ills. Doan's Kidney Pills cure sick kidneys. Mrs. Charles Petet, of 27 North Vine St., Shelbyville, Ind., says: I was sent to a drug store for Doan's Kidney Pills to give to my little boy, who was afflicted with nocturnal weakness of the kidneys, caused by an attack of scarlet fever. There has been no cessation of the trouble until I gave him this remedy, although we have given him other medicines and perscriptions, which failed to relieve him. Doan's Kidney Pills brought such prompt relief that I highly recommend them for children with weak kidneys."

HUSBAND'S BLOODY DEED
Quarrels With His Wife and Then Kills Himself.
Columbus, Ind., Oct. 15.—After driving his wife from home Washington Conner, aged forty-seven, of Hope, shot and killed himself. His weapon was an old-fashioned shotgun. The load tore a large hole in the side of his head.
Mr. and Mrs. Conner, who resided on a farm three miles north of Hope, with his mother, Mrs. Mattie Conner, had been quarreling and Conner took his wife to the front door and told her to leave and never return. She was on her way to the home of her father, James Brown, and had walked about a third of a mile, when she heard her mother-in-law calling her. Mrs. Conner begged her daughter-in-law to return to the house and told her of her son's act. As the women entered the room where Conner was lying dead they found Mrs. Conner's three little children trying to lift their father's dead body from the pool of blood.

After Tax Dodgers.
Wabash, Ind., Oct. 15.—County Assessor George W. Pawling states that he would merely ask statements from the four local banks of the deposits of Mrs. Mary A. Newman and Edward Kisher. The court ordered the deposit ledgers produced for the past twenty-five years, and a decided sensation was caused, as others feared they would be subject to investigations. The order was sweeping, but will not be taken advantage of. It was the first time in the state all the banks of a city were ordered to produce their deposit books for the inspection of tax ferrets under the orders of the county commissioners, but the assessor will merely enforce it as far as requiring statements are concerned. Mrs. Newman is one of the wealthiest women of northern Indiana and owner of the Tremont hotel.

Blind Statistics.
Indianapolis, Oct. 15.—Special reports entitled "The Blind and the Deaf," issued by the department of commerce and labor of the United States census bureau, have just been received at the office of the state bureau of statistics. According to the report the total number of blind persons in Indiana at the time the census was taken in 1900 was 2,987. Of this number 1,511 were totally blind, while 1,476 were only partially afflicted. The number of white blind in Indiana is given at 2,334, while those of the colored race of the state aggregate 53.

Terre Haute, Ind., Oct. 15.—With the settlement yesterday of the strike against the Raccoon Valley Mining company the last difficulty in the Indiana bituminous field was adjusted.

Pythian Sisterhood.
Richmond, Ind., Oct. 15.—Charles Shively of this city, supreme chancellor of the Knights of Pythias of the world, will recommend to the supreme convention, which meets at New Orleans this week, that the supreme lodge in convention take such action as will enable the two organizations of Rathbone Sisters and Pythian Sisterhood to consolidate, so that recognition accorded by the supreme lodge to the Rathbone Sisters may be extended to the Pythian Sisterhood, so that all of the members of these two organizations embracing the wives, sisters, daughters and mothers of members may be brought into closer touch with the order.

Sultan Grants Audience.
Constantinople, Oct. 15.—The audience last Friday of the sultan with the American ambassador, John G. A. Leishman, lasted forty-five minutes. The sultan looked well and seemed to be in good spirits. He spoke at some length, referring to the fact that he was dining. Both Baron Marschall Bieberstein, the German ambassador, and Mr. Leishman discussed pending questions with the sultan. There probably will be no more audiences with his majesty for five weeks, owing to Ramadan and Bairam observance.

RUSSIAN VIGILANCE EVADED
Arms Being Furnished Revolutionists From Berlin.
Warsaw, Russian Poland, Oct. 15.—A consignment of several thousand revolvers purchased by the Russian government in Berlin, recently fell into the hands of the Polish revolutionists. Shortly after the arrival of the car containing the pistols at the Warsaw freight yards an artillery officer and a squad of soldiers appeared, presented the bills of lading and an authorization to receive the weapons, which were loaded upon a wagon and carried away. It later developed that the soldiers were disguised revolutionists and the documents forged.
Investigation shows that since last December the revolutionists have been accumulating large stocks of rifles and revolvers in Poland, the greater part of these, according to a member of the party, being purchased in Berlin, where their agents, well supplied with money from the proceeds of recent robberies and forced contributions, are able to pay cash for weapons of the latest pattern. The consignments, it is said, have several times been shipped by railroad in bond to Warsaw, the buyers arranging by bribing railroad employes, to have the car side-tracked at some convenient place on the Russian side of the frontier, where it is opened and the contents carried away. They are also smuggled in large numbers over the regular overland routes for revolutionary literature, most of these leading from Cracow in Austrian Poland, where the Poles have greater liberty than in German Poland. Although the frontier is closely guarded, smuggling offers little difficulty, owing to connivance of the soldiers, and professional smugglers have regular rates, \$1.50 per pound for illegal pamphlets and books. For arms the rate is somewhat higher. As a rule the smugglers work in groups of three or four. Arriving at the frontier one of the party approaches the guard, makes terms with him, the regular price for a free passage about \$5, paying half in advance and taking possession of the soldier's rifle until the other members have crossed the frontier. In spite of the efforts of the police, few of the revolutionary arsenals have yet been discovered.

Baseball Championship.
Chicago, Oct. 15.—The Chicago club of the American Baseball League is the champion of the world. By winning yesterday's game, 8 to 2, against the local club of the National League, the Americans earned the right to float the world's championship pennant as well as the pennant of the American League, to ride to the grounds next season in carriages and to have "World's Champions" lettered on the blankets worn by their horses. The game yesterday was the sixth of the series and the fourth victory for the Americans.
The attendance at yesterday's game was 19,249, making the total attendance for the series 99,845. The receipts of the game yesterday were \$20,861, and the total for the six games was \$105,540. Of this amount the players' share is \$33,401.70. The American League men with twenty-one men will receive \$25,051.53. The National's share for nineteen men is \$8,350.17. The receipts for last year's championship series was \$68,405, and of last year's American-National series \$26,774.

The Knights Are Encamped
New Orleans, Oct. 15.—About 1,000 Knights of Pythias are today camped out in tents on the City park race-track, where has begun the biennial encampment of the Knights of Pythias. Additional camps to arrive are expected to raise the population of the tented city to about 5,000. The encampment will formally open at 4 o'clock Monday afternoon with Arthur J. Stobert, major general Uniform Rank, in command. The first companies to go into camp were two from Kansas City, who arrived Saturday. An advance guard from Illinois also arrived Saturday, announcing that about 800 more will follow from that state. In the important business to be transacted by the supreme council during the convention is action on a petition to exclude liquor dealers and hotel keepers who run bars in connection with their hotels from membership in Pythian organizations.

Cortelyou's Report.
Washington, Oct. 15.—Postmaster General Cortelyou has given out an advance statement of the receipts and expenditures of the postal service for the fiscal year ended June 30, 1906. It shows a reduction of the annual deficit from \$14,572,584 for 1905 to \$10,516,996 for 1906, over \$4,000,000 or 27.83 per cent. The total receipts for 1906 were \$167,932,783, an increase over 1905 of \$15,106,198, which is the greatest increase for any year in the history of the service. The per cent of increase in receipts for 1906 is 9.88 as compared with 6.42 for 1905. The total expenditures during 1906 were \$178,449,779, an increase of \$11,050,610 over 1905. The per cent of increase in expenditures is less than for a number of years, and is smaller by one-third than the per cent of increase during 1905.

Noted Singers Coming.
Vienna, Oct. 15.—The famous Viennese singing society, the Wiener Maennergesang Verein, has informed Mr. Francis, the American ambassador, that it probably will accept the invitation of the mayor of Indianapolis to participate in the North American Saengerbund in June, 1907. The Viennese singers also may make a tour of the United States.

Statistics compiled at the office of the State Board of Health show three deaths from hydrophobia to have occurred in the State during the nine months just ended Sept. 30th. Cases that resulted fatally were reported from East Chicago, Mecca and one from Sullivan county.

The funeral of Charles A. Cowing, who died Saturday morning of tuberculosis was held at 9:30 this morning at the late residence on West Second street. The funeral was under the auspices of the Knights of Pythias and the Modern Woodmen. Interment was in East Hill cemetery.

David Mitchell, the colored man, who was taken from the Kinser Camp, at Williams Creek fill to the Fayette county poor asylum, Thursday evening, died Friday night about 5 o'clock and Saturday afternoon he was interred in the Connersville cemetery. The man was employed by Mr. Kinser only five days before he was taken ill, and was apparently a tramp.

A sweet girl student thus described the manner in which a goat butted a boy out of the front yard: "He hurried the previous end of his anatomy against the boy's afterward with an earnestness and velocity which, backed by the ponderosity of the goat's avoirdupois, imparted a momentum that was not relaxed until the boy landed on terra firma beyond the pale of the goat's jurisdiction."

A fight occurred in Offutt's saloon, corner First and Main streets about 3:30 Saturday night, which the police have failed to unravel to their satisfaction. No one seems to know very much about it, but it seems to have been rather fiercely contested, as broken glass in the east door will testify. It is not known how the trouble started. A man from Milroy is said to have been implicated.
